From Norwich

On the B1113, head past the Worlds End Public House and stay on the main road. As you head down the hill, there is a bus stop and white wooden directional sign on the left. The turning into The Malt House is opposite these immediately before the staggered crossroads.

From Bracon Ash/Wreningham

On the B1113, pass through Bracon Ash. At the roundabout, take the 1st exit and head down the hill. Pass the turning on the left (staggered crossroads) to East Carleton. The Malt House is the next turning on the left, opposite the bus stop and white wooden directional sign.

On arrival

To keep the animals onsite safe, the gates are often closed. However, there is plenty of space in front of the gates to stop your car so it is not on the road. The gates are heavy to open so please wait with your car and someone will come and open the gates for you. If you don't want to wait, please note that the chain on the gate isn't padlocked and take care when closing the gates again as it's easy to trap your fingers between them! We'd rather you waited for our assistance to reduce the risk of this happening.
